Privacy policy

Personal data will be collected, processed, used and stored for one school year in accordance with the Data Protection Act as part of the registration process. This information is necessary for the contractual relationship to be established and the payment obligation to be fulfilled. This data is deleted when the purpose of storage has been fulfilled, i.e. usually after the end of the school year. For the smooth running of the school child care it is necessary that we pass on the contact data to our employees in the care. All employees are obliged to maintain data protection secrecy and, in the case of confidential information, secrecy.
